AUDIT COMMITTEE CHARTER

I. Purpose

The purpose of the Audit Committee of the Board (the “Committee”) is to (1) assist the Board and, as required by law, regulation and Board directive, act on behalf of the Board, in its oversight of (i) the integrity of the Company’s financial statements, (ii) the Company’s compliance with all applicable legal and regulatory requirements, (iii) the Company’s independent registered public accounting firm and their qualifications and independence, and (iv) the performance of the Company’s internal audit function and independent registered public accounting firm; and (2) prepare the disclosure required by Item 407(d)(3) of Regulation S-K (the Audit Committee Report).

The Committee’s responsibility is one of oversight and it has the responsibilities and powers set forth in this charter. Management is responsible for the preparation, presentation and integrity of the Company’s financial statements; for the appropriateness of the accounting principles and reporting policies that are used by the Company; and for establishing and maintaining internal control over financial reporting. The independent registered public accounting firm is responsible for auditing the Company’s financial statements and reporting on the effectiveness of internal control over financial reporting, and for reviewing the Company’s unaudited interim financial statements.

II. Membership

The Committee shall be comprised of at least two directors all of whom must qualify as independent directors under the Company’s Corporate Governance Guidelines, the rules of the Securities and Exchange Committee (“SEC”), the requirements prescribed by Section 10A of the Securities Exchange Act of 1934, as amended, the listing standards of the New York Stock Exchange (“NYSE”) and under any other applicable regulatory requirements and all of whom must be financially literate, as determined by the Board in its business judgment, or become financially literate within a reasonable period of time after his or her appointment to the Committee. Additionally, the Audit Committee must have at least one “audit committee financial expert” within the meaning of Item 407(d)(5) of Regulation S-K. The Chair of the Audit Committee shall have such accounting, financial or other experience as shall be required by the rules of the SEC and by the NYSE.

The Board may remove a Committee member by majority vote of the independent directors then in office. The Board shall designate a Committee Chair who shall be responsible for reporting the Committee’s activities and decisions to the Board.

Notwithstanding the foregoing, during any period when the Company is privately held with no publicly traded equity securities, the Board may elect to waive this majority-independent requirement to allow for one or more directors to serve the Company in interim-executive roles (while also continuing their director roles) pursuant to the request of the Board.

Committee members will not serve on the audit committee of more than three public companies unless the full Board affirmatively determines, based on the recommendation of the Nominating and Corporate Governance Committee, that such service does not impair the ability of such member to effectively serve on the Committee.

III. Meetings and Procedures

The Committee shall meet at least once a quarter and may meet more frequently as circumstances require. The Chair of the Committee or a majority of the members of the Committee may call a special meeting of the Committee. Meetings may be held in-person, by telephone, video or web conference.

A majority of the members of the Committee shall constitute a quorum for the transaction of business and a majority vote of the members present constitutes action of the Committee. The Committee may also act by unanimous written consent in lieu of a meeting.

The independent registered public accounting firm and internal audit shall attend at least two of the Committee's meetings each year. The Committee may request members of management or others to attend meetings and provide pertinent information as necessary.
